# Real Oak Flooring *Artisan™*

Artisan™ Engineered Oak is a sustainable Tongue and Groove (T&G) flooring is available pre-finished in a range of colours or unfinished so you can achieve the effect you desire. The planks provide 4 mm real oak wear layer engineered to an 11 mm plywood substrate. This ensures a long wearing, stable and durable floor with a finished thickness of 15 mm. Perfectly suited to commercial and residential applications. Quick and easy to lay\* – no dust, no smell and no mess.

## Key Features

- Engineered to exacting standards
- A permanent and solid fixture to your floor
- Impact sound insulation qualified
- Extremely durable and stable with excellent wear resistance
- Wear layer can be resanded and refinished as required
- Residential and commercial installation approved
- Manufactured from environmentally certified resource
