

Greenwoods
TIMBER FLOORING

Find out why Greenwoods is the smart choice in flooring.....

ABOUT GREENWOODS TIMBER FLOORING

“Your smile is your logo, your personality is your business card, how you leave others feeling after an experience with you is your trademark.”

Greenwoods Timber Flooring are market leaders in Raw Solid and Engineered European Oak Parquetry, both Raw and Prefinished Engineered European Oak Timber Flooring, and Prefinished Engineered Australian Species Timber Flooring.

Our International relationships allow Greenwoods Timber Flooring to continue to stay ahead of current market trends a preferred choice with Retailers, Architects, and Designers.

Greenwoods Timber Flooring provide our customers with our unique custom flooring service. The ability to specify and fully customise their Engineered Timber Flooring requirements.

Customers are able to specify their choice of European Oak timber grading, product height, colour, width and length of individual boards, which is then manufactured and ready for our customer within a 12-14 week period.

CONTENTS

Prestige Range

Herringbone 888x148x15/3mm - Raw

The 888x148 is our most popular size which is why we have introduced 5 prefinished popular colours. Generally installed as a single herringbone, this block can really make your room look larger.

Prestige Range

Selective manufacturing processes and expert craftsmanship sets Greenwoods Timber Flooring parquetry ahead of its time.

Parquetry flooring is a masterpiece in itself.

European Oak has natural brown/blonde tones with paler sapwood; fine grained, durable and beautiful. To bring out the natural beauty, a clear coat is a perfect finish.

All our parquetry is AB Graded, meaning there is little to no knots and gum vein.

The beauty of the Raw Prestige Range is you can custom colour or finish the floor in your decided taste whether it be onsite or direct from the manufacturer.

Please enquire for custom orders of Prefinished Engineered Parquetry.

600X92X15/3MM HERRINGBONE

Our 600x92mm is ideal for smaller rooms, but don't get fooled by its size as it can definitely hold its own when installed in large areas.

Installed as a single or double herringbone, this floor can really stand out.

910X153/X15/3MM CHEVRON

Do you have large rooms that need to be dressed with a WOW flooring? Well then, this floor is for you!

This large Chevron parquetry is a serious show stopper. With its beautifully machined edges, this floor really is a masterpiece.

Engineered Raw Oak Parquetry

SOLID OAK PARQUETRY

Our Solid Raw Parquetry brings you to another level.

Being 18mm, this floor will outlive you.

Any one of our four sizes is something you will fall in love with.

PREFINISHED ENGINEERED OAK PARQUETRY

The popular 888x148mm always had people asking the question, "why don't you do it in a prefinished?" well, here we are!!

Our 5 most popular colours have come to fruition in our 888x148mm

Being prefinished means there is no sanding and polishing involved and once the floor is installed, you can move your furniture straight in and enjoy your new floors.

NOW THE BORING STUFF

What does GREENWOODS Timber Flooring guarantee?

Lifetime Structural Warranty
25 Year Residential Limited Warranty

The manufacturer warrants to the original purchaser that the hardwood surface will not wear through under normal conditions of wear and tear, for a period of twenty-five years from the date of purchase. Gloss reduction and scratches caused by regular traffic are not considered wear through and are not covered by this warranty. The warranty becomes effective on the date of purchase.

What does GREENWOODS Timber Flooring not cover?

Wood being a natural product will continue to expand and contract during normal seasonal temperature and humidity changes. The product, when properly installed, may experience slight expansion, contraction and separation between boards, which is normal. If minor separation does occur, it is not covered by this warranty.

Expansion gaps should be installed as required. Wood Flooring may naturally experience minor checking (cracks). This is more common in environments that are excessively dry or excessively humid or prone to dramatic variations in humidity. This is not covered by this warranty.

Colour variations can occur between batches of the same species. Colour and appearance can also be affected by exposure to ultraviolet light and oxygen. Fading and discolouration from heat and sunlight is not covered by this warranty.

The manufacturer's warranty does not cover the following:

1. Indentations, scratches, damage caused by negligence or accident, water ingress, insects, animals, high-heeled or spiked shoes, urine and high traffic areas.
2. Failure to follow the manufacturer's written engineered hardwood floor installation instructions, including protecting the floor from subfloor moisture.
3. Exposure to excessive heat, sunlight or improper humidity in the environment.
4. Improper maintenance, insufficient protection or misuse.
5. Where subfloor heating is used.

6. Improper alterations to the original manufactured product. Alterations or repairs to the manufacturer's original product will void any and all warranties.

7. Changes in colour or appearance due to full or partial exposure to sunlight, weather, ageing or refinishing.

8. Failure due to structural changes in the subfloor, settling of the building or an uneven subfloor that has not been adequately levelled (+/- 3mm over 1000mm).

Claimer

You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage.

You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to major failure.

All expenses related to warranty claims are the responsibility of the consumer making the warranty claim.

Product thought to be defective by the installer should be returned to your dealer for inspection and possible replacement prior to installation. Installation implies acceptance of the appearance-related claims, relating to features visible at purchase, once the Products are installed.

A minimum of 10% of the total installed surface area must be affected for the warranty to apply. This warranty is exclusive. It covers the repair or replacement of defective materials only. It does not cover labour costs. Installation of the replacement products will be at the buyer's expense. The above remedy is the customer's only and is an exclusive remedy for claims under this warranty.

Product Warranty is for indoor residential use only.

The manufacturer will honour claims under this warranty, only if all of the following conditions are satisfied:

1. Original Proof of purchase must be provided inclusive of purchase price plus date of purchase and date and location of original installation.
2. At all times prior to installation the flooring must be properly stored according to installation instructions.

3. This warranty applies to interior residential use only.

4. The flooring must be installed in accordance with the manufacturer's installation instructions. Relative humidity in the area of use must be maintained within a range of 35% to 55%.

5. GREENWOODS Timber Flooring product must be maintained in accordance with the manufacturer's recommendations.

6. The manufacturer must receive written notice within 30 days after discovery of any claimed defect or failure covered under this warranty. The manufacturer must be given 60 days following notice to inspect the product to confirm any failure. Written notice should be sent to GREENWOODS Timber Flooring. The manufacturer or its representatives must be given the opportunity to inspect the floor prior to any repair or alteration.

7. The warranty will be made void if unusual man-made or natural disasters, including leaking or broken plumbing, fire, flood, and earthquake or standing water occur during or after installation.

8. Heavy objects and furniture should not be situated on any floating installation. This can lead to the floor failing to respond to contraction and expansion, which can cause squeaking and possible failure.

If the GREENWOODS Timber Flooring should fail to meet the Terms of the Warranty, GREENWOODS Timber Flooring, at its option, will either supply a replacement product from the current range, parts to repair or replace the defective product, or refund the Purchase price of the defective product pro-rata over the remaining life of this limited warranty.
